Why CasinoCoin?

This is the perfect time for CasinoCoin. With so many people working and gaming from home, there has been an exponential shift in online activity. Coupled with increasing interest in the crypto world, CasinoCoin opens up the market to a pool of potential new players to target. Our blockchain technology means unmatched transaction cost, security and near-instant deposits.

Low transaction fees

As with deposits, operator savings on withdrawals are significant, and similar saving percentages can be expected.

Large player pool

Over 35,000 users have activated the CasinoCoin TrustLine within the XUMM Wallet, granting them access to our ecosystem.

Safeguarded

No chargebacks

Chargebacks account for 1% of total deposits per site, costing operators money. CasinoCoin eliminates these chargebacks with blockchain technology.

CasinoCoin Lobby

Built on XUMM, the CasinoCoin Lobby xApp allows for easy signups to multiple casinos and offers a great way to keep track of your spending across operators

Now live via XUMM!

Philosophy

CasinoCoin is founded on an ethos of compliance and consumer protection first, and is developing a gaming environment worthy of the world's top regulated gaming jurisdictions.

Who is it for?

CasinoCoin (CSC) is a digital currency, developed specifically for the regulated gaming industry. The CasinoCoin project is led by a team dedicated and experienced in working within the regulated gambling sector and crypto e-gaming sectors. With this as a focal point, features and tools have been customized to meet both the needs of the users and the operators.

FOR End users

CasinoCoin is powered by the XRP Ledger and gives users unmatched transaction costs, speed and security, with near instant deposits and withdrawals costing a small fraction over other crypto or traditional FIAT methods.

FOR Operators

CasinoCoin gives online casinos access to a new pool of potential members. Players have already completed identity checks in the XUMM Wallet meaning the registration process at your site can be simplified.

All the casinos

Access multiple platforms and exclusive rewards. Bonuses are tailored by casinos for the CSC community.

Simplified Registration

Removing friction from the player journey can enhance their overall experience with you, leading to stronger loyalty and longer lifetime value.

Trustless storage

No need to trust a third party with your funds when you're not playing. The XUMM wallet allows you to have full control over your CSC whenever you're not playing a session.
