MΣGACOIN IS A NEW TYPE OF DECENTRALIZED CURRENCY

Not minted or endorsed by any nation, but by users across the globe. Anywhere there is internet, you can send or receive MegaCoins.

Even in outer space. There are very little rules for MegaCoin. To prevent inflation only a limited supply of 42 million MegaCoins will ever exist. MegaCoins are mined by users at a set rate for decades into the future. You can get MegaCoins for free by mining or trading for them on an exchange.

WITH MΣGACOIN YOU WILL GET THE BEST PAYMENTS SYSTEM IN THE UNIVERSE.

No need for Wiring or Carrying Cash across borders. You can send MegaCoin to your relatives or

Unlike Banks which can require a Credit Check or Social Security Number, MegaCoin doesn't ask for anything except a smile. A MegaCoin account is completely free & with low transaction fees. Transactions are complete within seconds, worldwide!
